

## Hands-On Science!

## After School!

**STEM learning (Science,  
Technology, Engineering, Math)  
with hands-on science!**

**Class Held at:  
St. Ignatius**

**Class Day:** Tuesdays  
**Class Time:** 2:55 PM – 3:55 PM  
**Grades:** 1 - 3  
**Program Length :** 6 Weeks  
3/28/17 – 5/9/17  
Skip Day: 4/18

**Early Bird Price:** \$ 79.95 per season  
**Early Bird Deadline:** 3/21/17  
Reg & Payment must be received by early  
bird deadline. (\$89.95 after 3/21/17)

**REMEMBER, CLASSES DO FILL, SO...  
DON'T DELAY...ENROLL TODAY!**

fax: (866) 846-3563

**Guarantee Your Spot: Register  
Online (best) or Mail This Form**

**directly to Mad Science!**

**Spring 2017**

## **Fantastic Forces & Flight!**

In these exciting hands-on classes, you will play  
engineer, chemist and stunt pilot! You'll be shocked by  
what you learn about electricity, be blown away by  
experiments with air pressure, and get swept away in  
the excitement of working with water waves!

# STEM

SCIENCE | TECHNOLOGY | ENGINEERING | MATH

~ Save your spot by going online to sign up for  
another program scheduled for later this year! ~

\*We reserve the right to substitute equally exciting classes when necessary.\*

responsibility for any programs listed.**

## Program Policies

- All supplies and materials are included in the class fee. You will not need to provide anything!
- Students will be grouped by similar grade if more than one class is offered; standard class sizes range from 15 to 20 students.
- This is a Mad Science Program. Any questions or issues should be directed to Mad Science and not the school or site organization.
- We will contact you prior to the start of the program to confirm your child's registration and inform you of the meeting location at the school. Please call us if you do not receive this email before the first day of class.
- Mad Science does not pick up the children from their regular school classroom to go to Mad Science. Children must walk themselves to our class. If you have a young child and are concerned they may not know where to go or may forget, please inform their regular teacher and he/she may decide to remind them weekly. If your child has other classmates attending Mad Science, they can walk over together.
- Mad Science is not responsible to ensure that your child attends our program and is not responsible for students who do not show up at our class. This means you and your child must coordinate your schedules and create reminders where necessary to ensure attendance.
- When registering your child you must indicate the method of release you wish us to use. The choices are "Daycare" (on site), "Walk" (dismissed at door) and "Picked up by" (signed out). For the "Picked up by" option, please list the names of all adults who will regularly sign out your child.
- Safety is a top priority with Mad Science. However, Mad Science is not responsible for students after we release them at the end of class. If you will be picking up your child after the Mad Science class, you must sign him or her out at the classroom.
- A \$25 fee will be charged for checks that are returned unpaid.
- Refund requests made before the start of the program are subject to a \$25 processing fee and will be granted only if requested at least two weeks prior to program start. As an option to receiving a refund check you may apply your remaining credit to another Mad Science after school program, birthday party, camp, workshop, etc.

## Did You Know?

- A cloud can weigh more than 1 million pounds!
- A single bolt of lightning contains enough energy to cook 100,000 pieces of toast!

## Who Is Mad Science?

Mad Science delivers a solid foundation of **STEM learning** (Science, Technology, Engineering, Mathematics) to children ages 4-12 by offering a large selection of after-school, summer, and preschool programs, as well as workshops, special events and parties. Our programs are aligned with **NGSS standards**, led by trained instructors using unique equipment, and performed at the location of your choice! Students learn how to apply **critical thinking skills** using the **scientific method** and they gain confidence by learning about science in an interactive environment. Many of our hands-on programs include a fun take-home project that sparks imagination and encourages continued learning.

**We make science fun!**
