The Journey Continues With the Number "2"

Three full week of Lent has passed, and we have three more to go! We've continued to talk about how the season is about the death and rebirth of Jesus and that it last 40 days. The objective is for the students to learn that this is an important event in the Church that leads up to Easter, and how Jesus showed his love for us by dying for our sins, and we need to show our love for others by doing helpful, loving things.

Please continue to pray for your child's Prayer Partner. If you have any questions about this, please contact me. Please go on this journey with your child. It will help solidify just what this season is about.

All of the Painted Ladies Butterflies have officially become a chrysalis! It is a very exciting time. Very soon, the beautiful butterflies will emerge!

Have a wonderful weekend!

## Curriculum Content

Please continue to practice the alphabet, pencil grip, writing names, and using scissors with your preschooler. It will help strengthen their fine motor skills.

Number 2 is harder to do than the number 1. "For number 2 go right round, then make a line across the ground!" Sometimes two's end up backwards. That's alright though with practice we can only get better!
