Expanding Access to High Quality Catholic Education Online

The Diocese of Sacramento is excited to introduce Blessed Sacrament Online Academy, a K-12 full-time online Catholic academy. Blessed Sacrament is operated jointly with Catholic Virtual, a leading partner in online learning to Catholic schools worldwide.

Blessed Sacrament Online Academy offers:

- Classes designed for online learning and infused with Catholic values
- Expert teachers trained to teach in Catholic schools
- A combination of live online instruction and independent learning each school day
- Opportunities for students to collaborate and learn together
- Technology accessible to students and parents that is integrated and easy to use
- Technical support available Monday through Friday, 24 hours a day, year-round

How it Works

Blessed Sacrament Online Academy is a full-time online school. Students in grades K-12 attend live online instruction and complete asynchronous lessons at home. Classmates work together remotely on collaborative projects and peer-to-peer activities. Classes include all core academic subjects and theology as well as electives such as world languages, computer coding, health and physical education, and art and music appreciation. Students are prepared for success in high school and continued spiritual growth.
