

WE'RE OFFERING A FREE TRIAL

SIGN UP NOW!

Are you interested in cybersecurity? You have the power to learn how to protect your personal information on the Internet! Are you curious how different communications travel through the Internet and how that information can be exploited by hackers? Are you inspired to become a cybersecurity hero to protect others? If so, join our cybersecurity academy and meet your future cybersecurity teammates.

Cybersecurity 1A is an entry level class. Whether you have no experience or lot of experience, you can learn effectively through active engagement and problem solving.

For more information about the program,
please visit www.echeloncatapult.org
or email us at team@echeloncatapult.org

This class will be offered on Zoom.

This Free Course will be offered June 8-12 from 4-6 daily.
