## Stop Motion Animation and Lego Robotics After School Programs

### LOCATION: ST. IGNATIUS SCHOOL

Time: 2:50 pm to 4:20 pm Day: Tuesday								
Session Name	Grade	Cost	Dates					
Lego Minecraft Stop Motion Animation	2 to 6	\$105	5-Mar	19-Mar	26-Mar	2-Apr	9-Apr	
Lego Robotics: Mighty Machines	1 to 6	\$85	30-Apr	7-May	14-May	21-May		

### Lego Robotics Themes Description

**Lego® Minecraft Stop Motion Animation** The LEGO® Minecraft Class is an exciting and educational experience into the world of stop-motion animation production. Using LEGO® building sets based off of the Minecraft theme, students will stage their own scenes from a storyboard and take photos of the scene to tell a story. Then they will edit the images in the Frames 6 animation software where they will add effects, sound and more.

**Lego® Robotics Mighty Machines** Aren't we all fascinated with the mighty construction machines? Join us for a fun week to build Lego® models of construction machines like crane and excavator. Use the intuitive WeDo platform to program the models and bring your creations to life! With a colorful, drag-and-drop interface being used alongside child-friendly theme like mighty machines, this class is bound to excite children who will bring their everyday Lego® to life by exploring and adding new technology!

*IntelliBricks will provide all Lego® and touch screen computers for the camp. Children cannot take home any of their creations or Lego® products. Lego® group of companies does not sponsor, authorize or endorse any of our programs.*

**5% off multiple registrations and sibling discounts**
