Jungle Book**

Moore Musicals is dedicated to preserving the arts. With so much emphasis today on science and technology, it's important to recognize the importance of performing arts. Children in the arts gain self confidence, personal growth, and a sense of community with their peers.

Moore Musicals believes strongly that everyone has the ability to perform and that you can achieve the impossible through hard work and dedication. With over 30 years of theatre and teaching experience, our staff recognizes that life continuously evolves so we do our best to accommodate the needs of each performer's schedule.

Tuition for this production is \$185 and payment plans are available with prior arrangement. This includes 2 performances, 40+ hours of private instruction, costumes, sets and props.
