The Journey Continues With the Number "9"

"Make a ball and then a line, that's the way to make a nine!" This is the chant we learned so we can make our nines. We talked about how 9s can sometimes be mixed up with the letter "P", even though we know that one is a letter and the other is a number. Please continue writing and recognizing the alphabet, work on scissor and pencil holding skills.

On Wednesday, May 24th, my Frog Friends will celebrate the 100th day of preschool with a little classroom celebration! Today, I sent home home "100" day baggies for you to

100 items. This can be something you already have around the house. Coffee beans, pasta, cotton balls, q-tips, m&m's etc..... (Please let me know if you need the items returned) We will do many fun activities with the things brought in. It is a fun day! Please have the baggies back by Monday!

Thank you to the Schiavo family for donating the cookie dough! I had also asked for 100 apple slices, but I have changed my mind. I would now like a couple of bags of Pirate's Booty. This way the kids get something sweet and something salty. If you are interested in bringing in the "booty" please let me know.

Have a great Weekend!

~~~ Ms. Thompson
