

St. Ignatius Parish Photo Directory and Census Project

In 2004, St. Ignatius Loyola Parish partnered with Lifetouch to create a photo directory book—a great resource to learn the names of the people in our community. It's past time to do it again! **All parishioners are invited to participate by having your family professionally photographed and included in the book.**

What you need to know:

- There is **no cost** to you, the parish, or school.
- In order to be included in the new directory, you must **sign up for a portrait session** on one of the 12 days Lifetouch will be here.
- Everyone who participates in a portrait session will be given a directory and an 8x10" photo for **free**. You will have the option, but not requirement, to purchase a photo package.
- You may bring family and friends to the portrait session **even if they're not parishioners**, and they will *not* be included in the photo chosen for the directory.
- If you can only attend on a Saturday (Dec. 21, Jan. 4) or holiday (Feb. 17), reserve your appointment as soon as possible.
- Photos will be taken in either the Ministries Room (December dates) or the Garden Room (all other dates).
- When you arrive for your portrait session, you will have the chance to **update your family's contact information**. Many of our parish database entries are no longer accurate, and this will give us a head start on updating them all.
- **Volunteers** are needed. Please visit <https://signup.com/go/pvVrOnq> or contact Amy
