*An Update From Our Classroom*

## The Fastest Week EVER!

Week 25 February 19th, 2020

Wow! This week went by FAST! We started the week with a Lock Down Drill. When I talk to the children about the drill I always say that we are practicing in case a dog or a stranger comes on campus and we don't know him. They were very nonplussed about the entire event.

On Wednesday we began the season of Lent with Ash Wednesday. We will continue to talk about the Easter story for the next 40 days. For many children the Easter story brings lots of questions. Rising from the dead is a pretty complex idea for most 4 & 5 year olds.

We are working on our #6 booklets and on writing and identifying Letters S & J.

This months Ignatian Virtues are Loving and Compassionate. We have been talking quite a bit about what it means to be compassionate. We talked about how it feels when a friend is sad or hurt. We also talked about what Jesus wants us to do in those situations. Keep the discussion going with your child at home.
