

# CLASS NEWS

*An Update From Our Classroom*

## Butterfly Burst!

Monday morning one of the butterflies had emerged from their chrysalis and by Monday afternoon we had 30 butterflies!! We spent lots of time observing them and talking about them and on Friday we released them. It was a beautiful day and they loved all the pink flowers right by our classroom.

All of the children enjoyed the Fun Run although some more than others. The FunRun.com representatives made sure the kids were engaged and encouraged. Some of the kids wouldn't stop running and others were less enthusiastic. ;)

In the classroom we are continuing to work on our Mother's Day gifts along with lots of other projects. We are cutting and gluing up a storm and practicing our numbers and letters. I am very proud of all the kids in this class. They are so smart!

## Classroom Activities
